

Student Recruitment for The Compulsory Intensive Course "Sustainable Global Management" 2025

The coronavirus (COVID-19) pandemic has impacted on the global economy, and the higher education, especially studying abroad is significantly affected. On the other hand, international cooperation is needed to achieve the United Nations-led SDGs (Sustainable Development Goals) toward 2030.

Therefore, in this program(UU-A II), in anticipation of the post-corona era, six African universities and Utsunomiya University in Japan will jointly offer the web online course related to Africa, SDGs, and Science. The course will be the basis for mutual study abroad between African universities and Utsunomiya University. Each university will select students who will be invited to Utsunomiya. *Let's join us!!*
